## Disclaimer

Baby Swim Splash take the utmost care and attention when conducting their classes. Your safety is paramount. However, there is also a duty of care for each parent and child you take or any other person/s wishing to participate in or spectate the session. Care and vigilance is required within the pool and surrounding areas as any body of water has obvious inherent risks including, and not limited to, drowning.

Neither Baby Swim Splash, its employees' nor teachers / instructors accept any responsibility for any death, injury or loss suffered nor damage to any part of the swimming pool or building in which the pool is located, or any adjoining lands, buildings or boundaries caused by you, your child or those in whose care you have placed your child for the purpose of sessions, with or observing Baby Swim Splash sessions resulting from your conduct or conditions under your or their control, which amounts to contributory negligence whilst attending any of Baby Swim Splash sessions.

All Baby Swim Splash teachers / instructors are STA or ASA qualified and have current CRB disclosures checks or DBS checks before they are able to teach. Customers accept that at times there will be physical contact between the teacher and their child, in a professional, caring manner. We take no responsibility for anyone, in a parent & child session holding their child incorrectly or doing any activities, that they are not instructed to do by the teacher throughout the session. We also take no responsibility for the risks of submerging your child underwater which has obvious inherent risks including, and not limited to drowning. This is done entirely at the parents / guardians own risk.

Baby Swim Splash and their teachers take no responsibility for any incident resulting from anything they cannot control including the facilities they use and everything in them, including the pool and the water. Full liability in such cases, is with the facility in which the lesson takes place.

In the absence of any proven negligence, lack of due diligence or breach of duty by the teacher / instructor(s) Baby Swim Splash, the employees, the participation of you, your spouse / partner, child or those in whose care you have placed your child for the purpose of attending or observing Baby Swim Splash sessions is done so entirely at your own risk.

Notification of a different parent or guardian bringing your child to a session must be provided to us prior to the session starting including their name and confirmation of any medical conditions they may have.

Double nappy policy for babies / toddlers / pre-schoolers who are not yet fully toilet trained must be adhered to. The inner layer can be either a disposable or reusable swim nappy, and the outer layer must be a Splashabout Happy Nappy, or similar. This still applies if even if baby is wearing a wetsuit. Baby Swim Splash reserves the right to refuse entry into the pool without the appropriate swimwear.

## Covid-19 Risk Awareness Declaration

By signing this declaration, I confirm myself and my child/children are free from any symptoms related to the Covid-19 virus, I understand the main symptoms include:

- a high temperature – this means you feel hot to touch on your chest or back
- a new, continuous cough – this means coughing a lot for more than an hour, or three or more coughing episodes in 24 hours
- a loss or change to your sense of smell or taste - – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

I am also confirming all in my household remain symptom free from the virus.

By signing this declaration, I confirm that for any future sessions I will only attend in the full knowledge that myself and my child /children are free from any Covid-19 symptoms. In addition, by signing this declaration, I also confirm that if either myself or my child/children or anyone in my household display any symptoms or been contacted by test and trace I will not attend any Baby Swim Splash sessions for a period of at least 7-10 days and follow government guidance to self-isolate, (exemption, if double vaccinated or under 18 years of age, a negative Lateral Flow or PCR test must be proven).

I understand that my own and my child/children's participation cannot be without risk. I am aware of these risks associated with the Covid-19 virus, but still wish to participate in Baby Swim Splash sessions.

I understand the processes and protocols that Baby Swim Splash have put in place in order to reduce risks and I will adhere to these in order to protect my health and the health of other users of the facility.
